+91 9820045154 | hr@talrn.com

➢ About 5+ years of experience in designing and developing User interface Application and integrating with various Database and Client-server applications in iPhone/iPad. ➢ Developed applications using Objective-C, Swift , Flutter, Dart, Cocoa Touch, UIKit, SDK,MY SQL, Cocoa Bindings, Core animation custom controls and object oriented programming. ➢ Proficient skills in implementing core frameworks like coreLocation, MapKit, UIKit and EventKit Frameworks. ➢ Created and customized views, table views, tab bars and navigation bars which are some basic functionality in multi-view application. ➢ Good understanding of Memory Management: ARC and non-ARC in iOS Development. ➢ Experience with RESTful APIs. ➢ Experience working with Agile environment. ➢ Knowledge of iOS enterprise capabilities ➢ Experience working with payment gateways ➢ Experience with social channel integration ➢ Strong optimization, debugging and technical documentation skill ➢ Working with Git version control system, including branching and merging strategies ➢ Familiar with unit and automated testing for iOS platforms

INDUSTRIES: Healthcare, Travel, Education

TECHNICAL SKILLS

• Swift	5 years & 1 months
• Core Data	5 years
• Cocoa Touch	5 years
• Cocoa Pods	5 years
• Core Animation	5 years
• API Integration	5 years
• Firebase	4 years
• Jira	4 years
• Git	4 years
• SwiftUI	3 years
• Flutter	1 years & 3 months
• ObjectiveC	1 years
• WatchKit	6 months
• WatchOS	6 months

SOFT SKILLS

Communication, Teamwork, Problem-solving, Time management, Critical thinking

PROJECT DETAILS

• CareLinkTM Connect January-2022 - March-2023

Project Description: App to view the glucose levels and insulin pump information of a person with diabetes right on your phone.
Responsibilities: Design the flow as per the requirement specification. Responsible for writing object-oriented code. Testing developed code. Fix the bugs raised by client or by QA team. Bug fixing raised by QA team.
Technologies: Flutter
Industry: Healthcare
Link: https://apps.apple.com/in/app/carelink-connect/id1467892577

• Vetifly August-2019 - March-2020

Project Description: Vetifly is an application for book charter and lift a charter. Application is developed in swift technology using MVVM pattern.
Responsibilities: Collaborate with Nigeria teams. Involvements in Sprint planning and agile methodology. Helping team members to understand projects and new technology.
Technologies: Swift
Industry: Travel
Link: https://apps.apple.com/in/app/vetifly/id1504038676

• SHRIDE November-2019 - January-2020

Project Description: Shride will allow you to Rent an Electric Vehicle at ur disposal.
Responsibilities: Responsible for writing code. Testing developed code. Fix the bugs raised by client.
Technologies: Swift
Industry: Travel
Link: https://apps.apple.com/in/app/shride-electric-bike-rentals/id1522021128

• SEEK August-2019 - December-2019

Project Description: SEEK is a Business Intelligence platform that evaluates, implements and measures organization wide change. Built on Manford's 25 years legacy in Organisational Change and culture building in high performing organizations, SEEK provides a strategic, customized learning and change implementation solution for Organizations. SEEK bridges the gap between knowledge and competence, through the process of reinforced learning, extended practice, motivation and feedback while simultaneously aligning the organisation with it's values and culture.
Responsibilities: Update code in swift Version. Migrated code from Objective-C to swift
Technologies: Objective-C, Swift
Industry: Education

EMPLOYMENT HISTORY

• Senior Software Engineer

Description: Working as an iOS developer mainly in the technologies – Swift, Object-C, Native iOS, dart and Flutter. • Design implementation and coding for the new features, along with Unit testing. • Performing Root Cause Analysis for the unexpected behavior of code. • Code inspection and walk through.

• Senior iOS Developer July-2020 - December-2021

bdAppManiac
Description: ● Build and create mobile products in Objective-C or Swift ● Collaborate with UX, design and developers to build amazing guest experiences ● Adept at using Cocoa to build beautiful interfaces in concert with a strong, working understanding of Core Data ● Demonstrated ability to work on diverse projects requiring detailed analysis,creative/practical problem solving, time management and logical judgment ● Experience with agile/scrum tools ● Experience with RESTful , JSON / XML / SOAP Web Services

• iOS Developer August-2019 - June-2020

Redbytes Software
Description: ● Designed, built, and modified new and existing mobile applications. Improvised application performance by identifying and fixing bug. Ensure the performance, quality, and responsiveness of applications ● Interfacing with RestFul web services over JSON ● Agile software development process, ideally Scrum ● Ideally Software development experience in C, C++ or Objective-C. Web services (REST)+ xml/json. Experience with CocoaPods ● Experience in OO programming and design patterns ● Worked with frontend technology like HTML5, JavaScript, jQuery and Ajax

• iOS Developer May-2018 - July-2019

bdAppManiac

Description: ● Design and build applications for the iOS platform. Analyze users requirements for using iPhones, iPad, iPod and plan applications development accordingly ● Work closely with development, QA, project and product teams to ensure timely and cost eective delivery of final products ● Contribute to the design of the application architecture and its constituent software components ● Translate technical designs into quality-engineered code using industry best practices and standards-based development ● Perform extensive unit testing, system testing, and regression testing ● Assist in the deployment to testing, staging, and production environments ● Troubleshoot site issues ● Update technical documentation as needed ● Build reusable iOS software components ● Experience implementing and/or consuming oAuth secured services desired

EDUCATION

• Bachelors degree in B.Tech CSE from RTU 2014 - 2018

LANGUAGES

• English - advanced
