I have 12+ years of experience in iOS development and have very good knowledge of application development in all kinds of domains like insurance, retail, health, gaming, utility, and social. I also have experience in end-to-end responsibility for iOS development applications. I have also experience in swift, swiftUI , unit testing and CICD process.

INDUSTRIES: Software and Platforms

TECHNICAL SKILLS

• ObjectiveC	12 years
• Xcode	12 years
• iOS SDK	12 years
• iOS	12 years
• Swift	8 years
• SwiftUI	2 years
• XCTest	2 years
• CI CD	2 years

PROJECT DETAILS

• Skillboxes April-2019 - June-2021

Project Description: SkillBox is a communication and social media portal, helping the community of musicians and artists from across the world come together. SkillBox includes a streaming player that makes it easy to publish and sell music, a blog serving the news and knowledge needs of the community
Responsibilities: Requirement understanding, planning, architecture designing, coding, testing, and deploying to server.
Technologies: Swift
Industry: Software and Platforms

• WeGolook

Project Description: If you’re looking to earn extra cash, WeGoLook can help. Simply use your phone and our app to complete Looks (easy tasks) on behalf of our customers. For example, we will pay you to take photos of a car listed on eBay to help an out-of-state buyer verify the current condition. Other Looks may include pick-up and delivery of a police report or taking video of a working pinball machine. Most Looks pay between $15-$25 and take less than an hour to complete. Even better... you can accept or deny Looks based on your schedule.
Responsibilities: Requirement understanding, planning, architecture designing, coding, testing, and deploying to server.
Technologies: Swift,SwiftUI, Objective c
Industry: Software and Platforms
