I have 7 years of experience in which I have developed and hosted 8 application on appstore so far. Driven by the fact to deliver timely and quality project modules, I have gained rich experience working in ECOMS Projects (Health&Glow,HouseJoy), media domain(Republic TV) and other projects (MicroLand,YuluBikes,In-Deeds). Throughout my work experience, I learned new technologies and core languages and its principles, with the mindset to continuously improve the design, development, quality and maintainability of the software modules for the future.
