+91 9820045154 | hr@talrn.com

Results-oriented software developer and research professional with 6 years experience in both development and research positions. Successfully worked in Fintech, Ecommerce and early age Startups. I also understand the importance of creating highly readable and easily maintainable source code. I am constantly striving to learn new technologies and look to ways to better myself in this rapidly changing industry.

INDUSTRIES: Fintech, Social Network, Security

TECHNICAL SKILLS

• Swift	6 years
• CoreData	6 years
• Firebase	6 years
• SwiftUI	1 years & 1 months
• Combine Framework	1 years & 1 months

SOFT SKILLS

Problem Solving, Critical thinking, Time management, unit-testing

PROJECT DETAILS

• Paytm August-2023 - March-2024

Project Description: Paytm (□□□□□□), India’s #1 Payment App, is trusted by more than 45 Crore Indians. Paytm is one stop solution for all your payment needs: ● Send money to your friends and family using your mobile number via Paytm UPI. Including those who are not on Paytm. ● Scan any QR code and make payments at grocery stores, petrol pumps, restaurants etc. ● Recharge your mobile and pay your utility bills (electricity, gas, water, broadband etc.) easily.
Responsibilities: ● Played a pivotal role in the migration of the Paytm App to the TPAP Multi Bank Model. ● Implemented new features to optimize and diversify the UPI payment experience. ● Established thorough unit testing procedures to uphold the reliability and resilience of the application's functionalities. ● Collaborated with cross-functional teams to streamline development processes and enhance collaboration, fostering a culture of innovation and continuous improvement.
Technologies: Swift
Industry: Fintech
